

## Call for Papers and Activist Proposals 2022

### 12<sup>th</sup> Annual Conference

### International Initiative for Promoting Political Economy (IIPPE)

### *Socio-Ecological Crisis and the Political Economy of Sustainability*

**7 – 9 September 2022, Bologna, Italy**

IIPPE calls for submissions to its 2022 annual conference. We particularly welcome papers directly related to the core themes of the socio-ecological crisis of contemporary capitalism, and the political economy of sustainability. As always, presentations on all aspects of political economy are also welcome. New participants committed to political economy, interdisciplinarity, history of economic thought, pluralism in economic and social thinking, and/or their application to policy analysis and activism are strongly encouraged to submit an abstract.

Submissions may be made as: (a) proposals for individual papers (which IIPPE will group into panels), (b) proposals for panels or streams of panels, (c) proposals on activism.

As usual, there will be a pre-conference IIPPE training workshop event on 6 September 2022.

To submit a proposal, please go to the following link, and carefully follow the instructions there:
